Best Global Universities Ranking of U.S. News & World Report for 2022
and it has ranked the best university among the foundation universities.

A comprehensive academic education: More than **150** academic programs insightfully visioning that experience is the best way of learning.

International education:

Student exchange and collaboration agreements in nearly 50 different countries

More than **20-award-winning** student and academic projects annually

A vibrant university life:

1,000 events per year in 3 campuses and almost **100** student clubs

CAMPUSES

A campus is the way of living for a student...

BİLGİ has **3 campuses** in the heart of İstanbul offering students a vibrant campus life with more than **1,000** events each year.

- **santral**İstanbul Campus
- Kuştepe Campus
- Dolapdere Campus

Dormitories and Residences

BİLGİ does not have any dormitories in and outside of its campuses. However, there are many dorm options that offer easy access to the campuses and meet various requirements and demands. All dorms are managed by third parties.

For detailed information on dormitory facilities, please visit:

www.bilgi.edu.tr

THE CITY OF İSTANBUL

Istanbul is located at the heart of history and offers an influential hub of business world. For this reason, becoming a BİLGİ student not only provides a top-notch academic and social environment, but also the chance to live at the center of a dynamic city with rich cultural and professional opportunities.

- A population of more than 15 million people
- A transcontinental city that brings together Asia and Europe
- One of the most popular tourist destinations
- One of the fastest growing economies across the world with a history that dates back to Byzantine Empire, Roman Empire, and the Ottoman Empire
- Home to some of the foremost historical sites as well as cultural events within a dynamic city life

LIFE AT BİLGİ

Learning by Doing at BİLGİ

All education and training activities are designed in accordance with “learning by doing” method at İstanbul Bilgi University. BİLGİ students take part in projects conducted in collaboration with the industry, implement their initiatives, and can transfer what they learn both during and outside the classes into practice on innovative platforms. For example, you can provide legal assistance to those whose access to legal aid is restricted, under the supervision of faculty members at Law Clinic, construct nursery schools together with constructors and faculty members at summer school, compete in a competition held in South America with the robot you built, have your end-of-term design exhibited at Venice Biennale, or work in Faculty of Communication Studios (RGB Studios). You can interact with many different technological fields at BİLGİ through workshops, laboratories, studios, and simulation rooms.

BİLGİ Talent: GLOBAL TALENT MANAGEMENT CENTER

At İstanbul Bilgi University Global Talent Management Center (BİLGİ Talent), our mission is to guide our students and alumni on their search for and path towards their purpose in life, ensure that they have access to national and international resources to help them with their individual and professional development, and provide them guidance as they realize their potential.

Our main services at BİLGİ Talent are as follows:

- International exchange programs
- International student guidance
- Skill development and career guidance
- Individual and professional development events and programs
- Sectoral meetings
- Business and internship opportunities

International BiLGi

By conducting student exchange programs and joint programs and entering into seasonal project agreements with established international universities, BiLGi offers students the opportunity to gain international experience and follow their dreams.

In addition, BiLGi is among the **top 5** universities hosting highest number of international students in Türkiye. Therefore, BiLGi offers its students the opportunity for international experience on its campuses.

- **Erasmus**
Exchange agreements with more than 260+ universities in 43 countries
- **Bilateral Exchange Programs**
More than 43 institutions around the world
- **University of London**
University of London Honors Programs
- Periodic project experience in various European cities ranging from **Oslo** to **Berlin**
- The opportunity of graduating with two degrees from both **BiLGi** and Arizona State University (**ASU**) in programs under BiLGi-ASU affiliation

Mustafa Bartu Bütün

Faculty of Communication / Advertising

'As part of Erasmus program, I studied one semester at European University Viadrina located in Frankfurt-Oder, a city close to Polish border. The University's Department of Business Administration is very competitive but you also have the chance to take courses from any field that you are interested in. I have very close friends from many countries now. Erasmus process proved to be very satisfactory for me and it broadened my horizon by teaching me many things that I didn't know. I will always remember these memories.'

Bilateral Exchange Programs

What can you do within the scope of international collaborations at BiLGi?

- You can spend one or more semesters at universities all over the world,
- You can participate in summer or winter programs,
- If you are a prep student, you can study abroad for the entire program or a portion of it.

Bilateral student exchange programs are conducted in cooperation with various universities in the USA, Canada, Russia, Taiwan, South Korea and Japan, while student exchange is conducted in collaboration with universities covered by the Swiss Mobility Program. In addition, BiLGi offers summer schools and language programs in cooperation with partner universities.

Selin Akcanca

Faculty of Communication
New Media and Communication

'One of the best decisions I have made in my life was to participate in Erasmus at Artevelde University of Applied Sciences in Belgium. By doing so, I invested in my future. I built up the best friendships that will last forever. I acquired very valuable information about my profession. Leading a new life in a completely different country has contributed to me a lot. I traveled extensively, saw many new places, tasted different cuisines, and in the meanwhile received a very good education. I created memories that will never be erased from my mind.'

Erasmus+ Mobility for Studies

At BİLGİ offering one of the largest Erasmus programs in Türkiye, you can study at one of 260+ universities in 43 countries for a semester or full year. In addition, foreign students have the chance to study at BİLGİ as exchange students for one or two semesters with Erasmus+ program.

Damla Bingöl
Faculty of Business
Business Administration

'Thanks to the Erasmus+ program, I had the opportunity to study one semester in one of the most beautiful cities in Poland. Wrocław University of Economics has numerous opportunities especially for Business and Economics students. I have made many friends from all over the world with whom I will always be in contact even when the Erasmus period is over. I acquired experiences in a different country and culture, experiences that I couldn't have acquired anywhere else. It is a period in my life that I will always be glad for having the chance to experience.'

Erasmus+ Mobility for Internship

Erasmus+ Mobility Internship program allows students to gain job experience in Europe in their field of study and also provides Erasmus+ grant as financial support during their internships spanning 2-12 months!

SOCIAL LIFE AT BİLGİ

Events

You can attend the performances of world-famous guests on your own campus. You are free to participate in any of hundreds of events held within the year ranging from European Organization for Nuclear Research CERN's **"Accelerating Science"** Exhibition to **GAMES Congress** bringing together Nobel award-winning scientists. Those who have performed at BİLGİ so far include popular artists and groups such as Red Hot Chili Peppers, Tarkan, and Hey Douglas. You can participate in more than 1,000 events that are held every year in each field. BİLGİ and particularly **santral**istanbul Campus host various events throughout the year in each field ranging from energy to fashion and from arts to sports. These mainly include events, conferences and seminars attended by specialists in their fields. Most of these events are held by BİLGİ members at student clubs.

Student Clubs

There are almost **100** student clubs at BİLGİ which will bring you together with other students with the same hobbies, interests and dreams, and where you can make friends and carry out events in collaboration. You can join any club you like or found your own club. You can either go sailing at Haliç or establish libraries at primary schools in underprivileged villages of Van, and put smiles on the faces of young students.

LIBRARY AND STUDY HALLS

BİLGİ Library welcomes students with a wide range of resources and services including music CDs, musical scores, international daily newspapers, and select collections.

BİLGİ's virtual library has more than **62,000** e-journals, more than **630,000** e-books, **7,500** newspapers and popular magazines, and more than **123** e-databases and e-encyclopedias. You can access all these resources either physically at the library or online. In addition to access to all these resources, the library gives students the chance to borrow e-books and tablets.

All campuses have group working spaces with a capacity of hundreds of people, offering people a comfortable environment for reading.

Student Testimonials

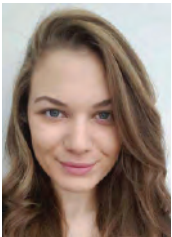

Abd Elaziz Zoabi

Department of Communication and Design Management

Visiting İstanbul for the first time as a tourist and coming back again after 4 months as a student is the funniest part in my story. An ad about studying in Türkiye that I saw on Instagram 3 years ago has turned all my 'unclear future plans' into bright and clear ones. In the background of the ad, I noticed a beautiful, peaceful and wide place - which is **santral**İstanbul Campus. I made more research about this place and found out that this was İstanbul Bilgi University.

I learned that the university had Communication and Design Management Department. I still don't know how fast I made my decision. I never imagined that I would study abroad, but today I'm very lucky to be here. So why Communication and Design Management? And why at BİLGİ? Designing posters, digital drawing, and video editing have been my hobbies since childhood. The Department of Communication and Design Management provides me with all the tools and the necessary experience to turn my hobbies into business and career opportunities in the future. With its qualified professors, highly experienced staff, and warm friendly environment, İstanbul Bilgi University gives you the opportunity to learn, explore your abilities, and improve them in your professional and social life. At BİLGİ, I have met with students from different countries and cultures, and made a lot of friends in addition to my Turkish classmates and friends who are very kind and hospitable. I would say that if you want to enjoy your university life, BİLGİ is a great choice. Lastly, I would like to mention our University's motivational slogan 'we should learn for life not for school.'

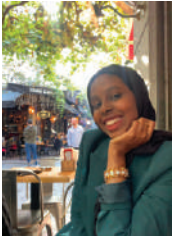

Vasiliki Tsitsopoulou (Greece)

Business Administration

I am really glad that I chose İstanbul Bilgi University. It was exactly what I was looking for and it really came up to my expectations by being so diverse with a lot of international students and great professors. The courses are challenging and very interesting but most importantly, I can already apply the things I've learned in real life! Plus, the environment is so welcoming, making you not wanting to leave the campus. In İstanbul Bilgi University I got the chance to meet some of the most amazing people and got to know many different cultures, that make me perceive things completely different now. And in my opinion this is one of the most important things in a student's life!

Student Testimonials

Yasmeen Mohamed Suleiman (Somalia)

Department of International Relations

I am Yasmeen Mohamed Suleiman. I am a Somali student at İstanbul Bilgi University majoring in international relations. I chose BİLGİ because I heard a lot about its excellent education and its diverse environment that is suitable for international students. Life at BİLGİ has provided me with the excellent education that I have been looking for and the environment is very welcoming, which has made me feel like I am at home. The Student Affairs Office has been very welcoming and been there for all my questions and concerns and provided me with the full help that I have needed during my four-year stay in Türkiye.

Yalda Abbasi

Psychology & Comparative Literature (Double Major)

I chose İstanbul Bilgi University mainly due to its successful background in psychology education. Later on, when my first year began, I found many other reasons to love my university. I joined BİLGİ's literature and theatre clubs. All the literary activities we carried out in Bi' Edebiyat and the play we staged in Bi' Mavi helped me build a strong connection to BİLGİ. The literature club started to mean a lot more to me, so much so that I started doing a double major with Comparative Literature right at the beginning of my second year. I am currently the president of the club. In addition to these, I must mention how campus animals and the way they were treated with love and care by the members of BİLGİ Hayvan Dostları changed many things in the way I communicated with animals and how they influenced me in adopting and helping animals. These are only some of the examples demonstrating how things I did at İstanbul Bilgi University helped me perceive the world around me more consciously, attentively, and lovingly. Studying psychology itself changed a lot in me. In addition to the good academic resources we had, the highly qualified psychology professors taught a lot to me and helped me gain awareness about many aspects related to human beings and myself. I therefore came to believe that studying psychology was and is a wonderful journey for a human being. I have my department to thank for this. However, I should also emphasize the importance of doing a double major. Even though it sometimes became very challenging to handle two different majors in a desired way, this process taught me a lot and I feel grateful for everything that helped me study such an excellent major as comparative literature. It was another great journey and combined with my journey in the psychology major, they both contributed a lot to my critical thinking, judgment, perception, and overall to my ability in meaning making. Considering all this, I am very happy for having chosen İstanbul Bilgi University for my journey to a bright and promising future.

The background features a complex abstract design. It includes several overlapping rectangular blocks in shades of orange and purple. A prominent halftone pattern, consisting of a grid of small dots, is overlaid on the central part of the image. The text 'ACADEMY AT BİLGİ' is printed in white, bold, sans-serif capital letters across the middle of the composition, partially overlapping the halftone and the purple block.

ACADEMY AT BİLGİ

Undergraduate Admissions

International students from all over the world can apply to become a student at İstanbul Bilgi University with their high school graduation certificates or internationally recognized exam results such as SAT, ACT, GCE A LEVEL, Abitur, Matura, Tawjihi, etc.

More information is available for prospective students at the International Student Admissions Office.

Prospective international students should submit their application as follows:

1. The student should fill in the international student Application Form
2. The student should forward scanned copies of the following required documents to the attention of the International Student Admissions Office

The required documents for undergraduate applications are:

- Photocopy of high school diploma (with the official transcript - Apostilled)
- All high school transcripts/grades (corresponding to the 3 or 4 high school years - Apostilled)
- Copy of passport
- 2 photographs
- If available, a record of scores for one English Language Proficiency Examination (for example TOEFL or Cambridge Certificate)

NOTE:

International students applying with their SAT exam score should send their score officially by using our Designated Institution (DI) code: 7293 - İstanbul Bilgi University.

Graduate Admissions

Online Application

To become a graduate student in BiLGİ, you should first fill in the online application form. Once you complete online application, application requirements, necessary documents and details about assessment process are sent to your e-mail.

Application Requirements

Each program has its own application requirements. You can learn the application requirements from the programs' websites. If you don't have a valid English language proficiency certificate, you can enter BiLGİ Graduate Online English Exam (BiLET 3) to determine your proficiency level. Only TOEFL and BiLET3 exam score is accepted as an English Proficiency exam for foreign students. BiLET3 is free of charge and candidates take the exam via Zoom.

Assessment

If you are deemed suitable after your online application, you are invited to an interview and/or written exam for further assessment. Interviews can take place via Zoom.

Acceptance and Registration

Once a candidate is accepted to a graduate program, s/he receives a pre-registration link and an e-mail about the registration documents that should be submitted. When candidate completes the registration procedures before the deadline, s/he receives student status.

For more details, you can send an e-mail to internationalgraduate@bilgi.edu.tr and visit <https://www.bilgi.edu.tr/en/academic/graduate/>

English Proficiency Requirement

The medium of instruction at İstanbul Bilgi University is English, therefore the students' English proficiency will be evaluated as follows:

If the prospective international student has obtained a sufficient score from one of the following English Language Proficiency Examinations, then the student will be exempt from the **'English Preparatory Program'** for one academic year at **İstanbul Bilgi University**:

- **TOEFL IBT**

Minimum Score 75

- **First Certificate in English (FCE)**

Minimum Score B

- **Cambridge Certificate in Advanced English (CAE)**

Minimum Score C

- **Cambridge Proficiency**

Minimum Score C

- **PTE Academic**

Minimum Score 60

NOTE:

-International students should forward their TOEFL report score using our Designated Institution (DI) code: 8256 - İstanbul Bilgi University, as detailed in the TOEFL IBT Information and Registration Bulletin.

-If the prospective international student did not obtain a sufficient score from one of the English Language Proficiency Examinations, s/he should take İstanbul Bilgi University Institutional Exemption Test (BİLET) upon arrival/registration.

-Those who fail the Institutional Exemption Test must register to the English Preparatory Program at İstanbul Bilgi University before beginning their academic studies. This preparatory year is not included in the total number of years of study required for graduation.

English Preparatory Program

Since most of the programs at İstanbul Bilgi University are offered in English, students should have a good command of English in order to follow the courses. If desired, students can study the entire or a portion of their English preparatory education at the language programs of contracted universities in the US.

English Preparatory Program has CEA accreditation (Commission on English Language Program Accreditation), one of the most comprehensive accreditations in the field of English language education.

CEA Accreditation has 44 quality standards covering many criteria ranging from curriculum to student services and from program structure to program improvement. This accreditation allows certification of education quality while it also ensures that the quality is continuously improved and is sustained.

Faculty of Law

Law

- The Faculty offers education programs taking into consideration that the essence of law relates to how interpersonal relationships should be governed, and adopts an innovative approach as to both education technologies and methods.
- At Law Clinic course, which is provided at BİLGİ Faculty of Law as a first in Türkiye, students participate in clinical studies providing legal information and guidance about factual events under the supervision of faculty members and they “learn by doing”
- Students of the Faculty of Law at BİLGİ have ranked first across Europe (2017 and 2018) and second across the world (2017) in the International Moot Court Competition held by the World Trade Organization.

Faculty of Communication

Advertising

Arts and Cultural Management

Communication and Design Management

Digital Game Design

Radio, Television and Film

Management of Performing Arts*

New Media and Communication

Public Relations and Publicity

Television Reporting and Programming

Visual Communication Design

- Closely following all innovations and the cultural and artistic consequences of these innovations with regard to social life and areas, and continuously adapting its undergraduate programs to current developments, the Faculty is of the view that thoughts are not expressed by words only, but that they can also be communicated via images and audio, and attaches special importance to ensuring that its students develop the habit of critical thinking. In addition to its various platforms such as RGB Live, HaberVesaire, RadyoVesaire and so on, BİLGİ Faculty of Communication raises professionals who have learned by doing thanks to project courses.

*Admits students with Special Talent Exam.

Faculty of Business

***Business Administration
Economics and Finance
Management Information Systems
Economics
Economics and Finance Honors Program
(University of London)***

***Economics Honors Program
(University of London)
Marketing
International Finance
International Trade and Business***

- Instead of making its students adopt obsolete concepts, the Faculty offers a modern and competent education with an interdisciplinary approach. In addition, the Faculty provides its students with a sound professional education and a rich cultural education as a priority and blends theory with practice allowing students to specialize in various fields.
- If desired, students may complete one of the Honors programs offered in the fields of Economics and Economics and Finance, and may receive a diploma from both University of London and BİLGİ without going to the UK or paying a separate tuition fee.

Faculty of Architecture

***Architecture
Industrial Design
Interior Design***

- Founded by leading academics and distinguished architects and designers and renewed constantly in response to current problems, the Faculty creates student-oriented courses both with the workshops that turn into students' living space and with the drawing and production laboratories. The Faculty adopts the principle of 'learning by doing.' The Faculty and its students take part in various national and international events, competitions, and exhibitions.

Faculty of Engineering and Natural Sciences

***Civil Engineering
Computer Engineering
